

OUTDOOR BAND CONCERT of the combined grade school bands of Mokena, New Lenox and Frankfort are shown playing at one of their summer concerts at the Carpenter street school

Mokena last Friday evening, July 28. Shown directing the band is Milton Mjzls, director of the New Lenox grade school.

Ebert Takes Teague's Place On School Board

Chester Ebert, Mokena businessman, has been named to complete the unexpired term of former Mokena school board member, Lyman Teague. Ebert, owner of the Ebert Phosphate service, will serve the remaining 1 1/2 years of the term. Teague who was secretary of the board as well as a member has been transferred to Kansas City, Mo.

Appointed secretary of the board was James Stewart, present board member. Mrs. Hans Mueller was also hired as secretary to the board and to Mrs. Elizabeth Cappel, principal of the two grade schools.

Mrs. Mueller will replace Mrs. Teague who formerly assisted with office work at the schools.

Shooter Misses Gopher Twice But Hits Boy

Larry Hodges, 12, of 158 Francis road, New Lenox, was admitted to Silver Cross hospital late Sunday afternoon after he was accidentally shot in the knee.

The youngster was scheduled for surgery to remove a 22 calibre rifle bullet, lodged in his knee.

According to sheriff's police, William Schultz of 342 W. Francis road, New Lenox, was firing the gun on the rear of his property. In a second attempt to shoot a gopher, the bullet hit the Hodges' youth.

ALLAN HOSTERT

afternoon (July 27) Allan boarded a jet airliner at Midway airport, Chicago and four hours later he was landed and greeted by his aunt.

After two weeks on the coast Allan will return home, by jet and by himself. Not many 12-year-olds can make that statement.

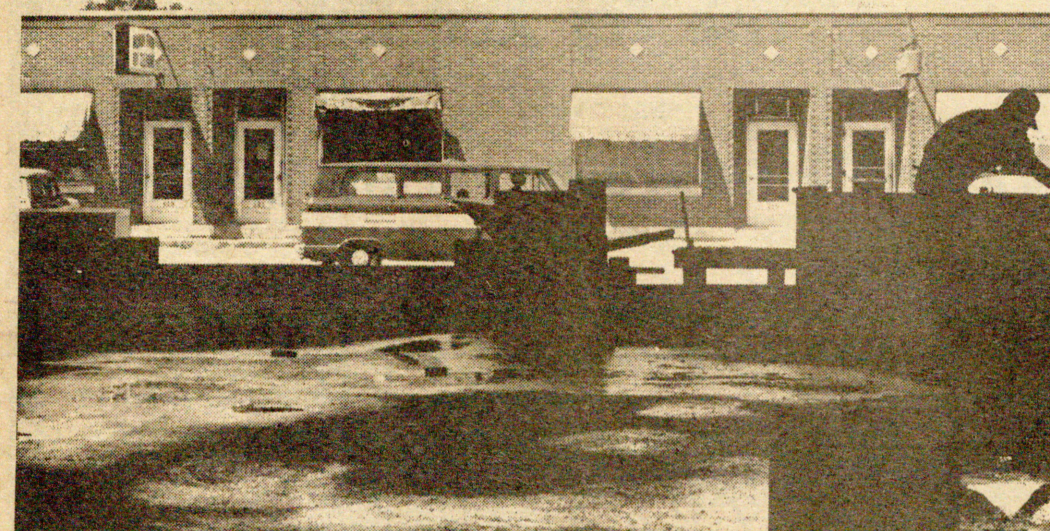

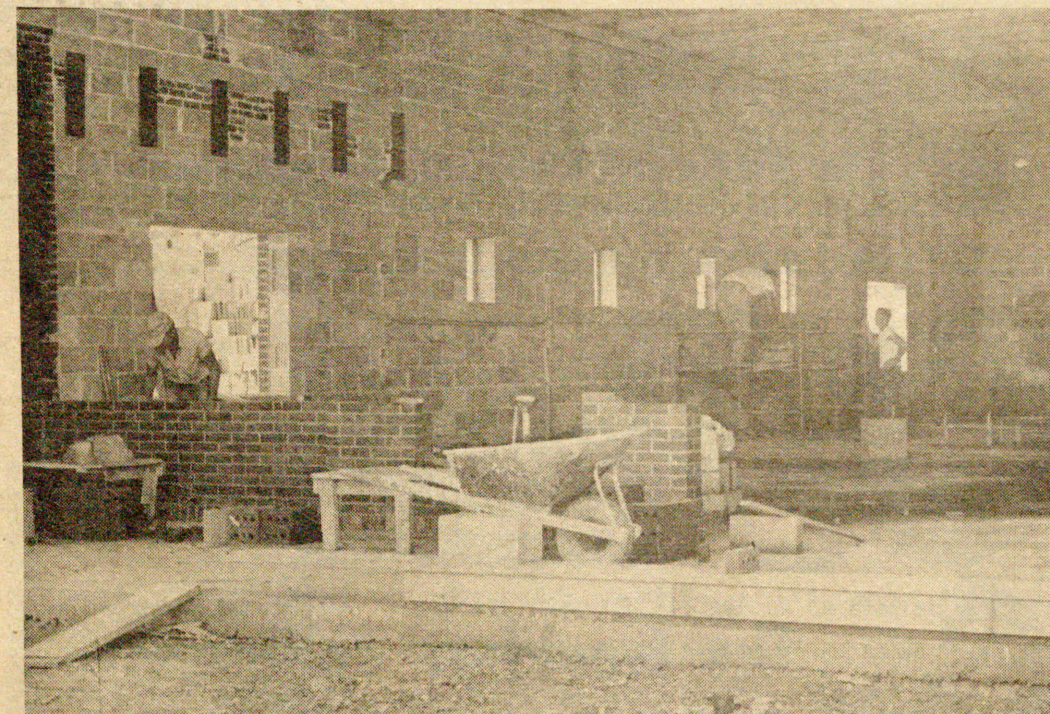

Mokena Boy Has Birthday To Remember

Over the years birthdays have a tendency to run into, to merge, with one another so that unless there is something special connected with the event it is difficult to set one out from the others.

Allan Hostert, of 195th street, Mokena, however, should certainly remember his 12th birthday. For one thing it was his golden birthday. He was 12 on July 12. But what will stand out in his memory will be his trip.

Several years ago he told his parents, Mr. and Mrs. Charles Hostert, that when he was 12 years old, he wanted to take a plane trip, alone, to the home of his aunt and uncle, the John Raes, at Lakewood, Calif. And he did.

Charles Hostert is a mechanic forman for United Airlines so naturally in that household planes are looked upon as safe as rocking chairs in a sitting room with the doors shut. At 1:35 last Thursday

Expect Crowds At Lions Festival In New Lenox

The annual Lions club festival at New Lenox is to be held tomorrow and Saturday, Aug. 4-5, at the Lions Den on S. Cedar road.

There will be rides and games, of course, and what has become one of the highlights of the event—the annual auction sale.

This auction attracts many visitors in its own right. Various items are contributed, from knick-knacks to furniture and appliances, and knocked down to the highest bidders. Wendell Knudson and M. J. Cushing are to be the auctioneers.

Frank Chandler has been in charge of pick-up service for the auction. Persons who have goods they are willing to contribute for the sales may still call Chandler at HU 5-5031 and he will arrange to have the items picked up.

The auctions will take place both nights.

General chairmen of the festival this year are Bill Van Cleave and Ronald Vondrasek.

A general carnival air will prevail. There will be wheels—for the award of merchandise—concessions of various types, sales booths, refreshment stands, bakery goods, etc., etc.

A new attraction has been added this year, it was announced, one which should enable a person to work off steam or would have liked to have done, perhaps, on occasions when one's car just decides to stop running and refuses to start again. This new concession

is known as "Wreck the Car." Wrecking cars is being done many times daily by automobile drivers, it was pointed out, but the car wrecking to be done at the Lions festival is a controlled affair. Gene Krohn, chairman, for this concession explained that Otto Bormet, garage operator, has donated a couple of cars for the purpose.

The customer, who may have a grudge against cars of long standing or maybe he just wants to find out how strong he is. Well, here is his chance. There is a sledge hammer at hand. For one quarter, the fourth part of a dollar, folks, he gets so many swings at the car with the sledge. He can batter at it from the side or he can get

on top and swing from there. All of the glass in the car has been removed so there is no danger from that source. And for those who approach the test in a fit of temper, it is sometimes called the Swat-and-Swear.

Chairmen for the other concessions are: Roy Fitzer, refreshments; Ora Lankin and Anthony Padjuikas, wheels; Don Lewison, picnic and outdoor; Mrs. James Skiniotes, ice cream and bakery goods; John Jauck, Jr., Amos and David Bruns, general; Joseph Blaha, baseball (one hurls baseballs at bottles or some reasonable facsimile; Mrs. Gene Krohn, fish bowl; C.L. Klasing, sportsmen's booth; Ralph Satples, basketball (where one can test his skill shooting baskets); John

Mann, cork gun and Charles Carnahan, dunker chairman.

Carnahan is operating one of those concessions where some individual is seated above a tank of water. Customers throw baseballs at a trigger mechanism that locks the chair in place. When struck the trigger releases the chair and the occupant tumbles into the water. The only thing different about this is that instead of using young boys or old men as dunk-ees, the Lions have persuaded some school teachers to be the fall guys.

The annual Lions club festival at New Lenox has always drawn well in the past and those in charge are expecting banner crowds both tomorrow and Saturday nights.

4-H's Display Livestock And Skills At Annual Show

The annual Will county 4-H fair opens today at the Fred E. Francis 4-H field on Francis road, New Lenox township. It will continue thru tomorrow. Francis field is half a mile east of Cedar road.

On Saturday the 4-H groups of South Cook county will hold their annual fair on the same grounds. The public is invited to both exhibitions and there is no admission charge.

There are 134 head of dairy cattle and 85 head of sheep, plus goats, that were being judged today. The judging began at 10 a.m.

Also on today's program are horse and dog shows. The dog show is to be judged at 6:30, the horshow at 7:30.

Other projects, such as automobile care, electricity, etomology, forestry, honey production, soil and wildlife conservation will also be displayed today.

Tomorrow, the second and last day of the fair, will see 4-H members show 139 head of beef cattle and 158 head of pigs. Also on display will be home garden, flower gardening, home ground improvement, poultry, and rabbit projects. Judging begins at 10 o'clock.

Engraved sugar and creamer sets will be presented to 4-H members exhibiting top projects, it was announced. Ribbons and premium money also will be distributed. The ribbons are provided by the Will County Farm Bureau and the premium cash by the state. Jerry Cash, U. of I. dairy extension specialist will judge the dairy cattle and goats today, and Robert Jackson, of Seneca, owner of a flock of purebreds, will judge the sheep.

Charles D. Cox, of Kankakee, will place the 4-H horsemen and Stewart Schroeder, of Hinsdale, will judge the dog show. Both are recognized in their respective fields.

Dr. Robert Grummer, head of the animal husbandry department, University of Wisconsin, will judge the swine classes tomorrow.

Judging the beef cattle on Friday will be Don Walker, U. of I. livestock extension specialist. Walker began judging livestock as a 4-H member.

Another extension specialist of the U. of I., Joseph Vamdemark, an expert on vegetables will pass on the produce display and Dan Martin, New Lenox, a former 4-H'er and now operator of a greenhouse and floral business, will judge the flower garden and home grounds improvement displays.

Elmer Selk, a poultry field-

man from Watseka, will judge the poultry exhibit and Roy Fitzer, of New Lenox, himself a rabbit breeder, will judge the rabbits on display.

The fair is supervised largely by 4-H leaders. Superintendents of the various department are: Dale Kratzberg, Frankfort, dairy cattle; Lawrence Meyer, Manhattan, and George Archibald, New Lenox, beef cattle; Clyde Weber, Monee, sheep; Ronald Hack, Peotone, swine; Glenn Vally, New Lenox, horse show; Mrs. E. C. Olsen,

New Lenox, dog show; Virgil Selk, Beecher, garden; Reynold Stiemens, Beecher, poultry and rabbits.

Something new has been added to the show this year. E.C. Olsen, of New Lenox, who broadcasts "Our Pet Show" on WJOL will tape interviews with 4-H'ers on the grounds today and tomorrow. These interviews, which will make up a half-hour program, will be aired over WJOL tonight and tomorrow night at 8:30 o'clock.

Legion Homecoming At Frankfort Draws Crowds

Bobzin-Swinford post, American Legion, of Frankfort, had a successful homecoming last week according to those in charge. It opened Thursday night and closed Sunday night with a big display of fireworks. Good crowds were reported every night.

How much profit accrued from the venture has not been announced but it was said that the post did make money and according to Kenneth Oetter some of it at least will be used in improving the baseball diamond at Frankfort community park.

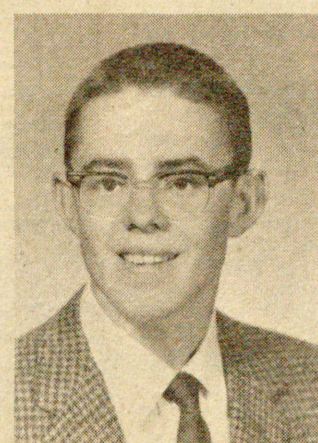

There were rains in the homecoming period but they came at such hours that they did not interrupt any of the programs. Saturday and Sunday were the two hottest days of the year but again the homecoming planners had a break.

The rides and concessions were not intended to be open until late in the day so attendance was little affected by the heat, it was said.

The youngster and pet parade Sunday afternoon, of course, took place in the heat of the day but there were plenty of marchers and the parade route was lined with spectators. There were 20 entries in the parade and awards were made to the following winners:

Kathleen and Sharon Eisenbrandt, pet float; Kendall Waldvogel, pet, Jerry and Dennis Emperor, best decorated bicycle; Lincoln Lassies 4-H club, best decorated float; Brownie troop, No. 386, Frankfort, best marching group; Tammy Olsen, prettiest costume, and Danny and Norman Hecht, funniest costume.

The judges for this event were LeRoy Mager and the Rev. James A. Parker, of Frankfort and Jessie Nicholson, of

WILLIAM SLUIS, JR.

Mokena Youth Wins Scholarship

William Sluis Jr., 1505 W. 192nd st., Mokena, who was graduated from Lincoln-Way high school this June, is slated to attend the Medill school of Journalism, Northwestern university, on a McCormick journalism scholarship.

The scholarships were established in 1957 by trustees of the Robert R. McCormick charitable trust in honor of the late editor and publisher of the Chicago Tribune. A \$300,000 program has been set up by the Medill school of journalism in cooperation with the Inland Daily Press Association.

There were 34 students enrolled in Medill last year who were holders of McCormick scholarships. Young Sluis is one of 15 boys and two girls to receive the 1961 awards. There were 112 students under consideration.

One of the major factors considered in the final selection of scholarship winners was their likelihood of success in the journalistic field.

Sluis wrote high school sports for the Semmler Press and also for the school paper. His work was quite commendable.

Farm Adviser of Will county A. A. Wicklein recently returned from summer school at Colorado State University. This was the western regional summer school for extension workers.

Register For Kindergarten August 12

Registration for fall enrollment of the Mokena Happy Hour Kindergarten will be held Saturday, Aug. 12 from 10:00 a.m. to noon at the local post office. The fall term will begin September 5.

The kindergarten, sponsored by the Mokena Woman's Club, is open to all children from Mokena and surrounding areas who will be five years old on or before December 1, 1961. Birth certificates should be presented at the time of registration.

Mrs. William E. Howard of New Lenox, director of last year's class, has been rehired as director for the coming year. At the time of registration a \$5 deposit will be required which will be applied to the first month's tuition fee. Parents who have already registered their children for the fall term need not attend the registration on Aug. 12.

Firemen To Hold Fish Fry, Dance Tomorrow

The Frankfort volunteer fire department will stage its annual fish fry and dance tomorrow (Friday) evening, August 4 at the Valley View farm picnic grounds. The fish fry will be served from 5:00 to 8:00 p.m. and music for dancing, in the outdoor pavilion, will be furnished by Roy Gordon's orchestra from 9:00 p.m. to midnight. There will be a charge of a dollar each for the fry and dance.

Robert Trump, president of the department, states that the proceeds from the affair will be used to maintain present and to purchase additional equipment which is urgently needed. Although the department joined the fire protection district last May, the returns are not sufficient to cover all their needs and thus sponsor this annual event.

CROWDED NOW is Ann Rutledge school at Lincoln Estates and because of that the voters of that district, No. 56-C are asked to approve a \$69,000 bond issue at a special election Aug. 19 that the present school plant may be expanded. There will be some remodeling to the structure shown here and the frame part

will be veneered with brick to match the proposed addition. A new roof also is included in the plans. Two new primary rooms are scheduled to be built plus new sanitation facilities. Present sanitation facilities are described as quite inadequate.

Form Teenage Swim Club At Valley View

A swim and dance club has recently been formed at the Valley View Farm pool for teenage club members according to an announcement made by William Donaldson, pool manager.

Every Tuesday evening until the first week in September a splash party and dance will

be held under adult supervision. Music for dancing, under the stars, on the patio deck will be furnished by a rock and roll orchestra known as the Tradewinds. Hours for dancing will be from 9:00 to 11:00 p.m. Guests may be invited by members for these events.

1962 License Plates To Be Orange, White

Secretary of State Charles F. Carpenter announces that the color combination for Illinois' 1962 motor vehicle license plates will be an orange background with white numerals and lettering.

Unlike the color combinations of recent years, the 1962 colors are not those of any Illinois college or university. No college or university requested that its colors be used next year, Secretary Carpenter said.

The orange and white combination was chosen from a list of 22 recommended by the University of Illinois engineers whose two-year study of license plate design, function and purpose resulted in the adoption of the letter-digit numbering system in 1961, Mr. Carpenter said.

A survey of the color combinations to be used by nearby states was made, and orange and white was chosen from the list recommended by the university engineers because it will not duplicate the combination of any of those states, nor will it duplicate a combination used by Illinois in recent years, Secretary Carpenter said.

Congratulations To The 4-H!

It is with great pleasure that we offer congratulations to the 4-H club members of Will and South Cook counties on their achievements of the past year.

The various projects on which these youngsters have been laboring are on public view this week-end. The annual Will county 4-H fair is on today and tomorrow. The annual South Cook County 4-H fair is to be held Saturday.

Both events are being held on the Fred E. Francis 4-H field on Francis Road. The land was donated from the estate of the late Fred E. Francis, New Lenox supervisor and farmer and one of the original supporters of the 4-H movement.

Last year was the first time the new grounds were used for the 4-H fair. Since that time more improvements have been made and in time there will be several more permanent buildings erected. And the 4-H'ers themselves are taking an active part in the fund raising to meet the cost of the program.

The South Cook County 4-H'ers do not have a fairgrounds of their own--in fact there are very few such establishments--and so arranged to hold their fair here.

The youngsters in the 4-H movement do a tremendous job. In the various projects they foster they gain experience that is invaluable. Some of the livestock they raise frequently go on to grand championships in state and national shows.

Girls as well as boys have entries in the livestock competitions, garden produce and handicraft.

Their accomplishments are really amazing and we hope that a large number of adults will take the opportunity to attend these fairs and see for themselves what these youngsters can do.

There is no admission charge for the 4-H fairs but if there were it would be worth it.

When the Will county 4-H fair was held on the fairgrounds at Peotone it drew thousands of spectators. It is probable that thousands will attend this year. We hope the attendance will set a record.

We hope that the people from Will who attend the 4-H fair of that county will also attend the South Cook county 4-H exposition and that their neighbors from Cook will be at the grounds today and tomorrow to see the accomplishments of the Will county youngsters.

They are good kids, these 4-H'ers and they will be good citizens.

McGrew McGraw McGrew -- an odd-ball photographer who after his third gin and tonic explains to strangers who wonder at his name that his father was Irish and his mother was English -- sat down near your correspondent's desk and began fanning himself with a sheaf of copy paper.

"Your office is usually cool," he accused as if regulation of the weather and the temperature of the building were my personal responsibility.

An explanation that the sun temperature was around 100, that he had been walking, and there was no breeze would have been useless so no answer was given. Anyway, McGrew McGraw McGrew paid little attention to answers other than those he supplied himself.

He plied his copy paper fan with vigor until he noticed that a floor fan would do the job better if a slight adjustment were made. He made it.

"That is better," he conceded, tossing aside the copy paper. "Mm - m - m, much better."

"Summer is an unpleasant time of year," he went on, "or at least it used to be. Now that air conditioning is practical and not too expensive for the comfort it provides, one can ride out the heat."

"But we lived without air conditioning before and we could do it again. The first electric fans I remember were those ceiling jobs. They revolved in sluggish fashion and so in a manner kept the air stirred in a degree. Now and then one found a drygoods store equipped with such fans but mostly they were found in saloons, ice cream parlors and drug stores."

"Some such fans still survive. Not too effective, of course, but compared to hand fanning they were wonderful. Then came the high speed fans, that with some refinements are with us yet."

"Such fans were found in various business places and a great source of wonder. Few homes, even those with electricity, were so equipped."

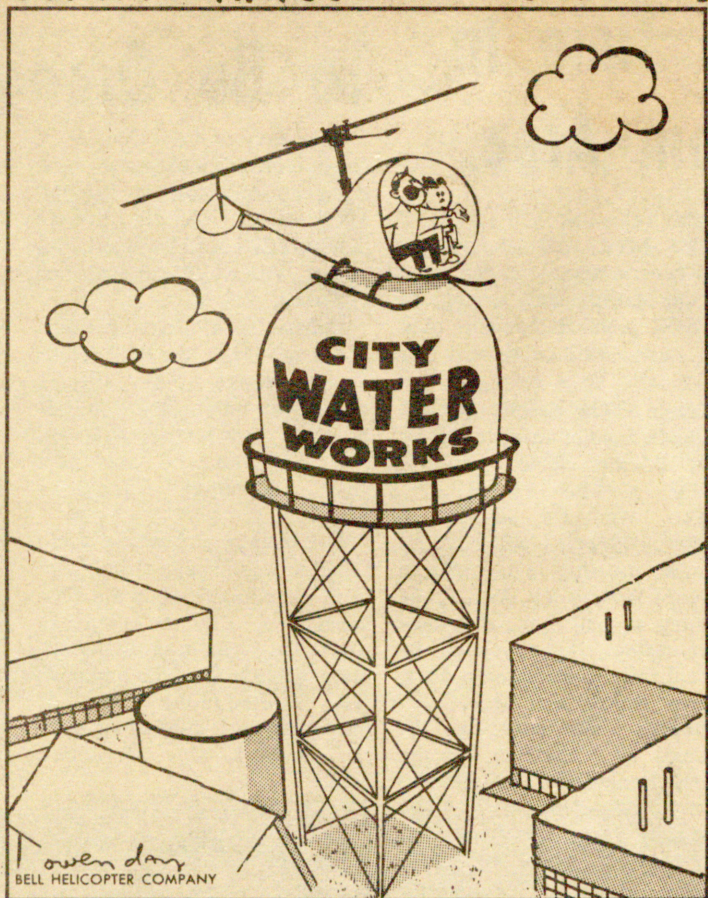

"People relied mainly on the palm leaf fan. They came in various sizes -- the fans I mean, altho it would also be correct to say that the users or fanners came in different sizes too."

"One could also get fans made of bristol board that was stapled to a handle. This type was usually to be had free, the gift of some enterprising merchant who had his ad on the back... 'Jones's Market, Fine Meats a Specialty'. . . . 'W. J. Brown, Funerals and Fine Furniture'. . . . 'Green and Brown, Plumbers'. . . . 'Smith Bros., Coal and Wood'. . . . Joe Lindsay, Livery, Fine Rigs -- Good Horses, Horses Boarded.'"

"These fans, while not long lasting were free, and available to groups as well as individuals. They were to be found at churches, lectures and ice cream socials, to name a few

places where there were crowds. Undertakers particularly liked to place their fans in churches because people there were frequently reminded that our tenancy here was but temporary and so were in a frame of mind to contemplate the material as well as the spiritual in thinking of the end that is certain to come.

"There also were fans fashioned of heavy paper that folded into three sections. When spread they could waft quite a breeze and one could have them printed on both sides because they worked either way."

"Fans not only afforded some coolness but were also useful in shoeing flies and mosquitoes -- indoors or out because window and door screens -- when available -- were rather crude affairs compared with today's devices in that field."

"Women attending social functions usually were equipped with ornamental fans. They were made of silk or fine linen and were painted or embroidered and embellished with seed pearls or sequins, and they folded."

"Spread and waved they created a breeze but they usually were employed for flirtations or an exchange of gossip. Many a young man got the idea that he had swept some girl off her feet with his sweet talk when she appeared confused and concealed her face behind her fan. What she was really doing was to cover up just in case her eyes might reveal calculation, consideration or triumph and leave the young man wondering just who was swept off of whose feet."

- 0 -

"The trouble with hand fanning," McGrew McGraw McGrew wound up his discourse, "is that in the time the exercise heats the blood to the point where the breeze created by the fan failed to cool it."

"Personally I prefer modern methods and I hope the next time I come to call you will have some sort of air conditioning in operation. The 'Good Old Days' does very well for a song title but I prefer the present. We have tension and trouble, sure, but look at all the comforts we have to do our worrying in."

Hints For Homeowners

By: JAMES FIZZELL, ASS'T. FARM ADVISER

Dutch elm disease was first discovered in Holland in 1919. By the mid 30's it had spread throughout Europe. The first cases of elm disease in this country were reported in 1950 when three trees in Cleveland, Ohio were diagnosed as affected with the disease and were removed.

Three years later, the disease was found in the vicinity of New York City. In the next few years, out breaks were reported in such widespread localities as New York, Virginia, Ohio, Indiana and Michigan.

By this time, the origin of the disease had become apparent when burl elm logs were intercepted at the port of New York. These logs, highly prized by furniture makers were found to contain both the Dutch elm fungus, and the European elm bark beetle, one of the carriers of the disease.

With the discovery, the U.S. Department of Agriculture began to quarantine imported logs, but unfortunately the fungus and carriers were already well established even without more introductions.

In Illinois, the first diseased tree was found near Mattoon in 1950, and by 1954 the disease had hit Cook County.

What is Dutch elm disease? Dutch elm disease is the result of a fungus which invades the water conducting vessels of elm trees. The fungus is carried from diseased to healthy trees primarily by the European elm bark beetle. The fact that this beetle lives very closely with the fungus is what makes Dutch

elm disease so disastrous.

At egg laying time, the female beetle seeks out dead or dying elm wood with bark intact, and lays her eggs beneath the bark. The larvae which hatch from the eggs burrow tunnels in the outer wood and inner bark.

Many of the dying elms have Dutch elm disease and the fungus grows and fruits abundantly in the beetle tunnels. Thousand of minute seedlike spores are borne in a sticky fluid.

By the time the beetles have matured they have many spores sticking to their bodies, and when they cut their way out of the bark, they carry these spores with them.

When they emerge the adult beetles immediately fly to healthy trees.

As the beetles chew into the bark, spores are dislodged from their bodies and get into the sap stream of the tree where they reproduce and eventually distribute throughout the tree.

The fungus, growing in the sap wood of the tree interferes with water conduction, causing wilting and death of the tree. With death, the tree becomes the breeding place for more beetles and the cycle begins again.

Control of the disease presents a twofold problem. First, the source of the fungus and the carrier must be removed. This means cutting down and burning all dead or dying elm trees. The bark beetle will not breed in healthy elms and will thus be eliminated.

If a stump is left when the tree is cut, the bark must be removed to below soil level. Any logs for a fireplace must be completely stripped of their bark.

Secondly, healthy trees must be protected from attack by the beetle. For most adequate protection, healthy trees should be sprayed with DDT yearly. The spray should be applied by April, before the flowers or leaves appear, and must cover all bark surfaces, particularly the crotches of small twigs and branches.

Spraying after leaves appear is of limited value since the small crotches won't be adequately covered. If it is not practical to spray all elms in a community, by all means spray healthy trees within 1000 feet of a known diseased tree.

With careful and prompt attention to this control program, Dutch elm disease can be controlled and possibly eliminated. For more information, contact your University of Illinois Extension Service office, Tinley Park.

Business & Finance

By MAURICE P. ANGLAND

A number of the leading business analysts have been predicting that the last quarter of 1961 will find business stepped up to the point where this year will rank as the third best year in our history.

The July issue of Fortune magazine report on the economic outlook, states that 1961 will end as a boom year with 1962 ending in a super boom.

The article notes that this boom is not a new one, but a resumption of the 1958-59 recovery, which was disrupted by the steel strike and the anti-inflationary policies adopted in Washington because of the strike and its effects on credit policies.

The general business upturn expected early in 1961 was slowed by the heavy snows last winter. The upturn in April and May was sharp -- 6% and, according to this article and others, without past war precedent.

The article notes that all forces in the economy will be expanding and reinforcing one another. Government spending has been increasing and consumer incomes rising with larger sums likely to be spent.

Students of installment credit have noted that all total income showed a rising trend during the recession period, there was a steady reduction of total amount outstanding. This indicated a caution on part of the public to further spending for items whose purchase could be delayed. This trend is reversing itself.

Now we have the rather sudden need for a defense build-up which will have its effect all thru the economy. As has long been noted, our defense budget is largely made in Moscow as we must counter their moves in order to protect ourselves.

The U. S. News & World Report notes that our excess of plant capacity under present business demands and the unemployed work force, provide a real advantage for us at this time. The idle capacity can come into use quickly.

It is believed that Russia would find it most difficult to shift a large emphasis to armament.

It is apparent that arms build-up will be speeded for all our armed forces. The air force and army will likely receive large appropriations to compensate for their being considered less important than missile projects.

During the years since the close of the general shooting phases of World War II, there have been periods when congress allowed our military prowess to deteriorate and suddenly expanded due to world conditions. This expansion and contraction of our military machine, is very expensive as we lose the military and scientific continuity as to both manpower and military hardware. Modernization of all our military forces is now planned so that we can be prepared for all types of war.

Analysts believe that the excess capacity of production and the unemployed workers, will enable us to meet this new demand for production without forcing the use of controls to avoid strong inflation pressures.

The Upper Room

READ MARK 10:13-16

Verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven. (Matthew 18:3)

Three incidents involving children came to my mind. Little Paul accidentally pushed Mary to the floor. She was frightened and cried. Paul came to her and said, "Me sorry." Still she cried. He came the second time saying, "Me sorry." Finally, he said "Me so, so sorry." She wiped her eyes, stopped crying, and soon both were playing again.

My friend was baby sitting with two little sisters. They had quarreled all morning. At lunch time the four-year-old said her regular table grace. She hesitated, then added, "Help us to forgive the one who sits next to us."

I was walking from the church to the parsonage next door with our pastor's little daughter. Just to make conversation, I said, "Where do you live, Jane?" She said, "Oh, I live next door to God."

If we truly want to make our homes Christian, we too must be willing to say I am sorry, and forgive those who sit next to us if we would live next door to God.

I am writing this column for William F. Whiteside, your associate farm adviser, who is vacationing in Massachusetts.

I would like to call your attention to the 15th annual 4-H Fair that will be held on Aug. 5, at the Fred A. Francis 4-H Field at New Lenox. According to Herbert Kohl, 4-H Superintendent, this promises to be one of the best 4-H Fairs ever to be held. You will see many fine exhibits and much interest displayed by the 4-H members. It would pay you to spend a few hours with these fine young people. Your attendance and interest will assure 4-H members that others are interested in their programs. The fair will begin at 9 a.m., with judging of the projects. There will be entertainment at 6 p.m. by 4-H members, presentation of trophies and the crowning of the new 4-H King and Queen.

Recently I had the privilege of spending some time in Colorado. The type of farming they do there is different in some respects to ours in the midwest. The average rainfall in most of Colorado is less than 15 inches per year. When farmers need rain for their crops, they use irrigation. The cost for irrigating an acre of land depends on the amount of water a farmer uses and where he may be located from the source of water supply. In some cases the cost of irrigation may run as high as \$30 to \$40 per acre. Most of the cities have access to the water that comes from the canyons, therefore the people in the cities use water freely on their lawns and flowers. This, of course, adds beauty to their

Some people have differences of opinion on reclamation projects because of the cost involved to our Interior Department. Many people think there is no need to increase the amount of land available for farm use when we are already faced with surpluses. I could easily defend this type of thinking. But on the other hand, when one thinks of this vast country of ours and of the people that inhabit the areas which are not as fortunate as we in the midwest as far as natural resources are concerned, I think I could defend the reclamation projects also. No doubt it is good insurance for the future, not only for agriculture, but for utility needs also.

When I was driving through eastern Colorado before coming to the Kansas border, farmers were busy combining wheat. The yields were ranging from 16 bushels per acre (where a hail storm had hit the previous week) to 42 bushels per acre on the better land. I saw more than 100 trucks waiting to unload at one of the grain elevators. In parts of Colorado and Kansas, the farmers do dry land farming. They follow the land one year and plant the crop the next year. By doing this type of farming enough moisture can be conserved to grow a good crop of wheat every other year or a fair crop of corn every other year.

There is much wasteland as far as farming is concerned in the west, but the beauty of the mountains adds a great deal to the country. By being away from your own situation for a few weeks, one appreciates more than ever the productivity of our soils here in the midwest and the splendid type of agriculture we have here.

DO ALL CONTRACTS HAVE TO BE IN WRITING?

How many times have you heard someone say that a contract is not binding unless it is in writing, or unless a witness was present when it was made? Do you think this statement is true?

In Illinois, there are very definite laws dealing with this subject. Contracts dealing with certain matters are not enforceable in court if they are not written and signed by the parties involved, while other contracts need not be written, and are enforceable in court although made only orally. If you tell this to your friends, many of them will be surprised, and you can expect some of them to ask how an oral contract can be proven in court.

The answer is that the contracting parties take the witness stand, and testify under oath that the contract was made and what its terms were. Of course, it sometimes happens that the parties testify to different versions, and then it is up to the jury to decide which of the parties is testifying accurately. In such a case, the testimony of a witness who is not connected with the case is very valuable.

THREE TYPES OF CONTRACTS

Just what contracts must be expressed in writing in order to be legally enforceable in Illinois? The three most familiar types of contracts which must be written, are the purchase of land, any promise which will take over a year to perform and a purchase of personal property for an amount above \$500.

As to contracts for the sale of land, not only must there be a written and signed deed for the conveyance of land, but there must be a written and signed CONTRACT OF SALE before an agreement to sell land can be enforced. So in every case of a transfer of land for value, two important written documents must be prepared and attended to.

The law requiring a written contract for the sale of land was first inspired by the desire to prevent frauds; today the law is even more desirable because of the number of problems created by zoning laws, recording statutes, and the frequency that property changes hands. These modern day conditions have made almost imperative

PRAYER: Dear God, forgive us when we are unkind and hurt others. Help us to be understanding toward those who sit next to us that we may be instruments of Thy will. In Jesus' name we pray. Amen. THOUGHT FOR THE DAY

The best place to live is next door to God.
Elise Pearl Williams (Iowa)

the use of written contracts for land sales.

Contracts involving promises to do things beyond a period of one year from the time the contract was made are required to be in writing because of the danger that when the time for performance finally arrives, the parties might not be able to remember what the oral promise was. Further, passage of time makes it more difficult to secure evidence that an oral contract was ever made.

PURCHASES OVER \$500
The primary reason for requiring contracts for the purchase of personal property for an amount above \$500 to be in writing, is the determination by the Illinois legislature that a sum that great represents a matter of consequence to the average person. Contracts of such importance should be expressed in writing to avoid the uncertainties incident to spoken contracts.

Although these contracts cannot be enforced if they are not in writing, they are not VOID. The law has come to be that an oral contract, unenforceable when made, may become enforceable if the parties begin to perform under it. Of course if both parties fully perform their part of the agreement, the contract is fulfilled and cannot be set aside.

It is always prudent to put a contract in writing if it concerns a matter of importance or if its terms are complicated, even though the law does not require it to be written to be enforceable because the opportunities for fraud, perjury, and dispute over terms are considerably lessened.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Homer Missionary Society Hears Talk On India

BY ELIZABETH ANDERSON
The Wayside Workers' Circle of King's Daughters are meeting today (Thursday, Aug. 3) at Homer Church with Mrs. Henry Rodgers and Mrs. John White as hostesses.

Pvt. Edward F. Cleveland, son of the M. A. Cleverlands of 143rd and Creme, recently participated in an Army training test in Korea where he is a driver in the cavalry's 5th Cavalry. The test was designed to determine individual and unit combat efficiency. Cleveland entered the Army in October, 1960, completed basic training at Ft. Jackson, S. C. and was sent overseas in April.

The Jr. Hyers of Homer church held a "parents night" at the church Wednesday evening. Games and refreshments were enjoyed, the high light of the evening being a Bible Quiz which was won by the oldest. Mr. and Mrs. James Bethell are the sponsors of the group.

Dan LeGrand of 151st St. is recovering from a foot injury sustained when he was caught in a feed grinder.

A teen-age dance was held at 33-C Thursday evening with Mrs. Minnuth of New Lenox directing the activities. The next dance, the last of the season, will be held Aug. 31.

A group of Homer church women served supper at the church Saturday evening to about 35 members of the Mid-West regional of the H. H. Franklin Antique Car club following a meeting of the club at the L. T. H. S. athletic grounds. Mrs. George Burcham was chairman for the supper arrangements. Pictures of the club's activities were shown after supper. Rev. H. M. Finley and Roy Nelson of Lock-

port made the arrangements for the gathering.

Babette and Debbie McCann, daughters of the John McCanns of Centerville, Ill., spent the past week in the Charles Jungles home on E. Division St.

The Missionary society ate picnic dinner in the church dining room Thursday because of the threatening weather. After a short business session, Miss Platt from Ireland showed samples of handiwork made by the natives of India where she has been a missionary for 23 years. She then gave an interesting talk on her work and showed slides taken in India and also in the Irish country side where she lived as a child and where her family still reside. Mrs. Vera Waldvogel assisted her with the slides. She is accompanied by her sister, Mrs. Kane also of Ireland, and is spending several weeks in the home of her brother, William Platt on 159th St.

Mr. and Mrs. David Weber and daughter, Judy, of Minneapolis, were overnight guests of the Ray Carlsons Thursday and Friday, and visited other relatives here. They are on a vacation trip which will include Michigan and Wisconsin. Mrs. Weber is a granddaughter of Ralph Burches, of Wisconsin. Miss Susan Reed was hostess to a group of her young friends in her home near 167th St. last Saturday afternoon, in honor of her birthday. Games and refreshments were enjoyed throughout the afternoon.

Diner guests in the home of Mrs. Ira Anderson last Sunday were the Rev. Stanley and Mrs. Cox, his parents, Mr. and Mrs. Cox of Hamilton, Ontario, and his brothers, Kenneth and Gordon Cox. The elder Coxes and Gordon are here on a vacation

trip. Mrs. Earl Burnworth, Bruce Rd., attended the regular business meeting of the local Marine Corps Auxiliary last Friday evening in the home of the secretary, Mrs. Dorothy Nordstrom, of Lockport. The opening and closing prayer was given by the chaplain, Mrs. Cora Snider of Joliet. Convention reports were given by the president, Miss Muriel Jacobsen, and Mrs. Burnworth.

Plans for a rummage sale to be held in November at the Murdoch Bldg. in Joliet, were discussed; also plans for a stork shower to be in August for an Auxiliary member.

The group is planning a Float for the Keepataw Day parade at Lemont. All members are urged to attend the next meeting which will be in the Nordstrom home, at 432 E. Eighth St., Lockport, Aug. 4, at 8 p.m.

With the active reserves being called back into service and the draft being increased, more help from the Auxiliary will be needed. Wives, widows, mothers and sisters of former or active Marines, are eligible for membership in the organization. Any one interested may call TE 5-5895 or CL 7-6812.

Plans are under way for a bake-sale to be sponsored by the Homer Missionary society in August — probably at the Bump Service Station. Mrs. Earl Burnworth and Mrs. John White are the planning committee.

On Sunday evening Aug. 6, the trustees are planning a mortgage burning celebration at the church in celebration of the completion of payments on the church building. Special music, a guest speaker, and a social hour will be features of the evening to which all friends as well as members are invited.

The chief steward of a popular NYC restaurant, who buys the fish every morning, is named Dave Bass.

Evelyn Le May of North White Plains, N. Y., advises: "It's much better to sit tight than to drive that way."

Henry Clarks Travel 8000 Miles On Western Trip

Mr. and Mrs. Henry Clark and son Henry, who left Mokena July 7, for an extended motor trip, returned Saturday evening. They covered over 8,000 miles, going from here to Canada, where they stopped at Banff and Lake Louise and visited with friends in British Vancouver. From there they motored down the west coast going thru Washington and Oregon.

At San Francisco, where they stayed a couple of days, it was pre-arranged to have former Mokena people visit them in their motel. They were Miss Jean Cooper, daughter of Mr. and Mrs. Everett J. Cooper, who is a therapist in a hospital in that city, and Mr. and Mrs. Earle Stellwagen, son of the Earle Stellwagons. All had a 'sort of grand reunion of Mokena' and their guests took the Clarks on a tour of San Francisco. At Long Beach, Calif., the Clarks visited with Mr. and Mrs. Henry Sehnman. The latter taught in the Mokena grade school a few years ago. She is now teaching in the Long Beach grade schools. Mr. Sehnman is a professor in the City College there. Both sent greetings to their Mokena friends. They spent a short time with Mrs. Bertha DeBreaux who is visiting in her son's home and who will return to the Clark home in Mokena soon.

They spent one day in Mexico, across the border from San Diego, and then turned north, partly circling the Grand Canyon and stopped at Las Vegas, where they found they did not leave all their money. They drove around Lake Mead, saw the great Hoover dam, crossed Oklahoma and headed for Springfield, Mo. There they spent several days with Mrs. Clark's brother, Mr. and Mrs. Mearle Brookmann. Before their journey ended, they went to Rockford to the home of their friends, the Rev. and Mrs. Harold Demus and family, pastor of the Presbyterian church. Their daughter, Miss Faith Demus accompanied the Clarks home to Mokena and Monday morning Henry Jr. and Faith returned to Rockford. From there, Henry Jr. went to Milwaukee, Wis., where he is employed in the Wisconsin Credit Rating bureau. Henry, who was graduated from Northern Illinois university at De Kalb in June will continue his studies at Wisconsin university branch, in Milwaukee, toward his master's degree.

Mr. and Mrs. Ray Walsh of Manhattan, Mrs. Carrie Roberts and granddaughter Jill Roberts spent a few days last week visiting with Mrs. Roberts nephew, Walter Roberts and brother-in-law George Roberts all of Iowa City, Ia.

Mr. and Mrs. Charles Burkhardt Jr. and family moved Saturday into their newly completed home on Kluth drive. They will be neighbors of the former's brother and family, the William Burkhardts.

Mr. and Mrs. Joseph Smiel, son Joe and granddaughter Georgeann Kamradt returned Wednesday from a trip to California. While there they visited with Mr. and Mrs. Otto Stadel and former Mokena residents and Mrs. Maude Larson and family at Phoenix, Arizona.

The Lyman Teague family

will move the first week in August to their new home at Kansas City, Mo. They have rented their home to Mr. and Mrs. Henry B. McNally and family of Wilmington, Delaware, who have been transferred by the Dravo company, with whom he is employed, to the Chicago area.

Mrs. Henry Clark motored to Barron Lake, Niles, Mich., Monday to bring back her mother, Mrs. Frank Brookmann and Mrs. Florence Bruster. The latter two have spent the past month in Mich.

Friday evening, July 21, a family gathering was held in the Harold Cooper home in honor of their daughter Mrs. Willard Barenz' birthday. Besides the honored guest and her family were Mr. and Mrs. Wesley Slevert and Lori; Mr. and Mrs. David McMillan; Mrs. Emma Cappel and Mr. and Mrs. David Bergmann.

Mr. and Mrs. George Boyce have returned from a four day motor trip to Niagara Falls, Canada.

While Mr. and Mrs. Ernest Bignall were on an eastern trip, she became ill when they stopped for the night at Hershey, Pa. and was removed to a hospital in that city where it was determined she suffered a slight stroke. She will remain in the hospital for about three weeks. Mrs. Bignall is a teacher at the public grade school.

Mrs. David Bergmann entertained the following relatives and friends in honor of her husband's birthday Sunday; Mr. and Mrs. Harold Cooper; Mr. and Mrs. Willard Barenz and children; Mr. and Mrs. Alvin Sippel and son Alvin and Mrs. Joan Verwey and children all of Tinley Park and Mrs. Gordon Gregrren and children of Harvey.

Mr. and Mrs. David McMillan are on a two week's vacation trip thru Michigan and Wisconsin.

AMVETS POST
The monthly meeting of the Post will be held tonight (Thursday), Aug. 3 at 7:30 p.m. in the home of Kenneth Millar, Scott street.

Dinner guests Sunday in the home of Mr. and Mrs. Wilbur Schalk of 192nd street were Mr. and Mrs. Harry Jacobus and Mr. and Mrs. Werner Kornau both of Chicago.

FAMILY REUNIONS
The annual Muehler family reunion was held Sunday at the home of Mr. and Mrs. William Muehler, Wolf road. A pot-luck dinner was served at noon to 50 members attending from Dalton, Itasca, Joliet, Aurora, Frankfort and Chillacoth.

Some 100 relatives attended

the annual Cooper family reunion held at the home of Mr. and Mrs. Lester Sayers of Orland Park. Those attending were from Mokena, New Lenox, LaGrange, Orland Park and Goodland, Ind. A pot-luck dinner was served at noon and the afternoon was spent informally.

Oldest member attending was 94 year old Will Cooper and family of Goodland, Ind. The youngest was Thomas Ricketts, two month old son of Mr. and Mrs. Thomas Ricketts of Mokena.

Miss Judy Lorraine Mulligan became the bride of Charles C. Mark at a seven o'clock ceremony the evening of July 1, 1961 in the Frankfort Methodist church.

The Rev. James A. Parker read the marriage service which united the daughter of Mrs. Roland Eis, 125 Ash street and the son of Mr. and Mrs. Charles G. Mark, 139 Walnut Street, both of Frankfort.

Bouquets of white flowers and candles festooned the altar of the church, and traditional wedding selections were sung by Mrs. Joseph Ficker who was accompanied on the organ by Miss Donna Miller.

Escorted up the aisle by her uncle, Russell L. Jacoby, the bride wore a floor length gown featuring a scalloped neckline and long sleeves of chantilly lace. The four tiered skirt was of nylon tulle trimmed with chantilly lace. Her fingertip veil was attached to a small crown of mother of pearl circles. She carried a white orchid surrounded by a spray of stephanotis.

Maid of honor was Miss Nancy Heisner, whose gown of lilac silk organza over taffeta was fashioned with a scooped neckline, short sleeves and a cummerbund with a half bow and sash in back. Her headpiece was a band of two flat pleated bows with a short circle veil, and she carried a nosegay of lilac sprayed carnations.

Identical ensembles were worn by Miss Sandra Eis, sister of the bride and Miss Jeanette Seivert, bridesmaids.

LaVerne Mark, cousin of the bride-groom was best man and ushers were Gerald Mark, Arthur Mark, Marvin Nice and George Kratzberg.

The bride's mother, Mrs.

Eis, was attired in a blue silk and lace dress with white accessories, while the groom's mother was gown in a full skirted street length dress of blue silk with a lace bodice. Both mothers wore a white cymbidium orchid corsage.

Some 150 guests attended the reception which followed in the church parlors. A buffet dinner was served from the bride's table covered with lilac net over a white cloth with a centerpiece of lilac and white flowers.

For their wedding trip, the newlyweds spent two weeks motoring thru the western states.

The couple is now residing at 1196 State Street, Lemont, where the groom is self employed at Chuck and Mary's Service station. The bride will enter Joliet Junior college in September.

Garden Club To Meet In Wilkosz Home Today

A panel discussion on planting and transplanting will provide the program at the monthly meeting of the New Lenox garden club, Thursday, Aug. 3 in the home of Mrs. Walter Wilkosz. Co-hostesses for the afternoon meeting, beginning at one o'clock, will be Mrs. Max Greenley and Mrs. U. L. Henry. Conducting the panel discussion will be Mrs. Leon Frey. Following the discussion talks will be given by Mrs. Nick Skiniotes on roses; Mrs. Ben Martin will talk on annuals and perennials and Mrs. E. M. Merfeld on evergreens.

The Alumni of Lincoln-Way high school, newly formed organization, met recently at the school and decided that each class, five years after graduating, would have the responsibility of planning and coordinating alumni activities for one year. Classes of 1955-56 and 1957-58 will combine efforts in planning the events for their respective years.

At the meeting there was some controversy as to how closely the alumni should be associated with the school administration. The older members feeling there should be no connections what-so-ever and the younger ones feeling a somewhat closer association should be established.

Each class is to have the responsibility, as well as the authority, to organize and promote the alumni functions for one year.

Jeanne Boleman Honored At Bridal Shower

Mrs. Willard Barenz of Mokena was hostess at a variety shower, held in her home Wednesday evening July 19, in honor of the former Miss Jeanne Boleman who became the bride of John M. Livingston Jr., Saturday, July 22.

Upon her arrival the guest of honor was presented a pink carnation corsage.

Various games were played during the evening by the eleven invited guests; followed by the opening of shower gifts.

A mixed floral centerpiece flanked by pink candles graced the table when a salad-dessert lunch was served.

MRS. DAVID BERGMAN

Sippel-Bergman Nuptials Read In Church Ceremony

Four attendants preceded Miss Charlene Sippel to the altar of the Tinley Park Methodist church where she recited nuptial promises with David Bergman of Mokena, at seven o'clock the evening of July 1.

The Rev. Kenneth Crandall performed the marriage ceremony uniting the daughter of Mr. and Mrs. Alvin C. Sippel of 171st street and 88th avenue, Tinley Park and the nephew of Mr. and Mrs. Martin Bergman of 7616 South Marquette, Chicago.

To traditional music provided by Walter Wehr, organist, the bride was escorted to the white gladioli and chrysanthemum festooned altar by her

father. Her imported silk organza and chantilly lace floor length gown featured cap sleeves, with a scalloped scoop neckline trimmed in pearls. The bodice picked up the design in the flowing skirt with a lace band and a V shaped lace panel centered down the front and back of the skirt which fell into a sweeping train.

Her fingertip veil, with a crystal flower trim on the center of the top, was held in place by a lace salloped crown trimmed in sequins, and she carried a cascade bouquet of white stephanotis centered with a white orchid.

Her jewelry consisted of a necklace, gift of the groom, centered with an evening star diamond which matched the setting of her wedding ring.

Mrs. Joan VerWee attended her sister as matron of honor. She was garbed in a street-length dress of white silk organza over taffeta with blue floral embroidery trim and cummerbund. Her headpiece was a matching bow and veil, and short white gloves completed her attire. She carried a white carnation bouquet.

Attired in gowns of identical design were bridesmaids, Mrs. Gordon Berggren, of Harvey, sister of the bride; Miss Shirley Meyer of Tinley Park and Miss Lenora Bormet of Mokena.

Three little flower girls and ring bearer preceded the bride to the altar. Diane VerWee, niece of the bride and Janice Barenz of Mokena wore white dotted swiss gowns over blue with matching headbands and gloves. Suzanne VerWee, also niece of the bride, was dressed identical in yellow. They all carried white baskets with rosebuds. Gordon Berggren Jr., ring bearer, wore a white tux with black trousers.

The duties of the best man were carried out by Alvin Sippel Jr., brother of the bride, and ushers were Gordon Berggren Sr., Wesley Sievert and Willard Barenz.

For her daughter's wedding, Mrs. Sippel chose a light blue silk embroidered sheath dress with white accessories while Mrs. Bergman, aunt of the groom, was attired in a navy blue dress with white accessories. Both wore a corsage of white cymbidium orchids.

Some 400 guests attended the reception which followed at Saenger hall ballroom. A five tiered wedding cake graced the bridal table. Mrs. Henry Landau and Mrs. Oliver Roger, aunts of the bride, served the cake while Miss Sharon Landau was in charge of the guest book.

Following a week's motor trip to Michigan and Wisconsin the couple are now at home at 317 East front street, Mokena.

The bride is employed with the Continental Casualty Company, Chicago while Mr. Bergman is associated with Cooper and Hostert garage, Mokena.

MISS CAROLE CROUSE, of 712 Ogden road, New Lenox, will receive her diploma from Silver Cross school of nursing at graduation exercises at Pershing school, Joliet on Thursday, Aug. 24. She is graduate from Lincoln-Way high school where she was a member of the Future Nurses club, treasurer in her junior year and president as a senior. She also belonged to the Future Homemakers of America, the History and Chemistry clubs. (Winke Studio photo)

Beverly Torok Recites Vows With Tuscola Man

St. Paul's United Church of Christ, Mokena was the scene at seven o'clock in the evening of July 15 for the marriage of Miss Beverly Ann Torok and H. Wayne Carmichael.

Officiating at the rites that joined the daughter of the Frank H. Torok of Mokena and the son of Mr. and Mrs. Herschel Carmichael of Heyworth, was the Rev. A. W. Klumb.

Church organist, Mrs. Ervin Werner accompanied Mrs. Robert Bean who sang "The Song of Ruth" and "The Lord's Prayer". Altar candles were lit by Misses Nedra Thomson and Carol McQuilkin.

The bride, escorted to the altar by her father, chose a floor length gown of silk organza with a fitted embroidered bodice. Her fingertip veil with applied lace flowers was held in place by a crown of lace trimmed with pearls and se-

quins. The bridal bouquet consisted of mums centered with a natural orchid.

Miss Bonnie Torok, sister of the bride, was maid of honor. She was attired in a lavender street length dress featuring an empire waist trimmed with bows. A large picture hat completed her outfit. Identical costumes were worn by the bridesmaids, Miss Carol Torok, Miss Pat Torok, sisters of the bride; Miss Nedra Thomson and Miss Carol McQuilkin.

Flower girl, Elaine Connell, donned a lavender dress trimmed with a lace pinafore and carried a basket of rose petals. Gregory Lee acted as ring bearer.

Roger Lee, served the groom as best man and ushers were Norman Sloan, J. D. Surber, Bill Gray and Jack Widholm.

The wedding reception was held in the Atrium hall, Peotone.

"...Is it wash and wear?"

Following a week's wedding trip to Niagara Falls and Canada the couple are now residing at Tuscola, Ill., where the groom is employed as a farm service representative.

Plans Fall Luncheon, Flower Show

A fall luncheon and flower show was tentatively planned for Monday, October 5 when members of the executive board of the Will County Federation of Garden clubs met at the Manor Motel restaurant.

Joliet Floral will have charge of the flower show, and Joliet Botanical will have charge of the luncheon. Member clubs will be advised of further details by mail.

Following lunch, the meeting was called to order by the Federation president, Mrs. Robert Whitmore of the Wilmington club. Twenty-one members were present, representing the following clubs: Creekside, Lockport Flower Growers, Garden-a-ires, Joliet Botanical, Joliet Floral and Garden, Lemont, Manhattan, New Lenox, Peotone and Wilmington.

Mrs. L. W. Hague of the Joliet Floral club, presented the slate of officers for the coming year. Nominations will take place at the fall meeting.

Applications Are Taken By Congressman

Rep. Edward J. Dewinski (R. 4th), reports that his office is now processing applications from young men in the 4th district who are interested in competing for next year's appointments to one of the United States service academies.

The Congressional appointments are made on the basis of the results of competitive examination. All applicants will be given a thorough physical and mental examination this fall.

Information and requirements may be obtained from Congressman Derwinski, Room 1318, New House office building, Washington, 25, D. C. or from the Congressional District office, 2441 Vermont street, Blue Island.

ORDINANCE NO. 245
AN ORDINANCE PROVIDING FOR A MUNICIPAL SERVICE OCCUPATION TAX IN THE VILLAGE OF ORLAND PARK.

BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook County, Illinois, as follows:

Section 1
A tax is hereby imposed upon all persons engaged in this municipality in the business of making sales of service at the rate of one-half of one percent of the cost price of all tangible personal property transferred by said servicemen either in the form of tangible personal property or in the form of real estate as an incident to a sale of service, in accordance with the provisions of Section 8-11-5 of the "Illinois Municipal Code" enacted by the Seventy-Second General Assembly.

Section 2
Every supplier or serviceman required to account for Municipal Service Occupation Tax for the benefit of this municipality shall file, on or before the last day of each calendar month, the report to the State Department of Revenue required by Section Nine of the Service Occupation Tax Act, enacted by the Seventy-Second General Assembly.

Section 3
At the time such report is filed, there shall be paid to the State Department of Revenue the amount of tax hereby imposed.

Section 4
The Village Clerk is hereby directed to transmit to the State Department of Revenue a certified copy of this ordinance not later than five days after the effective date of this ordinance.

Section 5
This ordinance shall be published within ten days of its enactment as provided in Section 1-2-4 of the "Illinois Municipal Code" enacted by the Seventy-Second General Assembly and shall be effective from and after the first day of the calendar month next following the expiration of the ten day publication period.

This ordinance shall take effect on the 1st day of September, 1961.

PASSED this 24th day of July, 1961.

ELTON J. ORANGER
Village Clerk

APPROVED this 24th day of July, 1961.

W. R. SCHUSSLER, JR.
Village President
